

# Families, Learning and Progression

## Thank you for joining a very special course

*This course is funded by the Department for Children, Schools and Families*

The Department for Children, Schools and Families is very interested in finding out how learning leads to other events and activities in your family.

Over the next three years we want to keep in contact with you, have a brief chat every six months, and celebrate any new activities or achievements of you and your family. This could be joining a new course, getting a new job, a promotion, becoming a volunteer, becoming more involved in the community, feeling more confident, doing new activities with your children, seeing your children achieve more.

You and your family's achievements are special and following these through will help shape future policy.

Our thanks in advance for your support
