

# July 2009

## **Yorkshire and Humberside Learner Panel Environment Strategy**

In order to minimise impact on the environment, the Y&H learner panel members agree to:

- Use public transport or car share when travelling to attend meetings wherever possible.
- Contact each other through electronic means rather than paper, wherever possible, whilst ensuring that no one is excluded because of lack of access to IT.
- Request jugs of water rather than bottled water during meetings.

Draft 1 JN June 2009
